

Introducing the Eco-Flex, designed for tomorrow & manufactured for today.

Total Flexible Dimensional Movement For The Perfect Fit

The Eco-Flex is fully adjustable in both height and depth, reducing the requirements for stocking a large number of differently-sized chairs, as well as allowing interchangeable pressure care modules.

Seat Height & Depth Adjustment

Designed to enable quick adjustments to seat height and seat depth for optimum adaptability to the users needs.

Multiple Back Options

The Eco-Flex comes complete with multiple back options, allowing the user to achieve maximum support and comfort to their individual requirements.

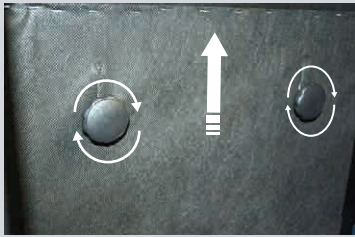

Removable Seat Cushion

As a standard feature the Eco-Flex comes complete with a removable seat cushion to cater for individual pressure care requirements.

Seat Depth Adjustability

The Eco-Flex has been designed with maximum adaptability in mind for the end user. This chair has a double back bracket system allowing the user to change the seat depth measurements over the duration and longevity of the Eco-Flex.

Seat Depth & Footboard Adjustability

The Eco-Flex also offers further adjustability to the user through its footboard system. The footboard incorporates two locking rounded dials which allow the footboard to increase in size as the user grows or their requirements change.

Size Matrix	Sizes shown in inches	
	HOMECARE	BARIATRIC
Seat Height	16 → 22	19 → 23
Seat Width	17 → 31	26 → 33
Seat Depth	16 → 24	17 → 24
Back Height	26 → 36	26 → 34
Arm Height	4 → 11	7 → 11
