

The Hudson. A sleek and stylish model, designed for multiple environments.

Practicality & Style Combined

The Hudson Recliner model has been meticulously developed to combine practicality and style. Designed for both healthcare and domestic environments, the Hudson range of recliners are suited to lounge, bedroom, patient, reception and waiting areas.

Sleek Modern Design

The uniquely designed Hudson has been developed to offer a stylish, contemporary looking recliner, while combining extreme comfort.

Tilt in Space System

The Hudson offers leg elevation and back recline which redistributes pressure and maintains physical angles at the hips, knees and ankles.

Ergonomical Back

As a standard feature the Hudson has an excellently designed back which offers extreme comfort when sitting or in the tilt position.

Bespoke Manufacture Available

The Hudson range can be made to measure to meet specific users needs. This also includes the availability of a bariatric option.
