Visco, Gel & Air Solutions

Using interchangeable back and pressure seating options allows the user to achieve the most comfortable sitting positions and to achieve the correct posture.

Tilt in Space System

With independent leg elevation and back recline, this system enables change of orientation which redistributes pressure and maintains physical angles at the hips, knees and ankles.

Width adjustable Arm Pads

The MultiCare Plus comes with velcro fastened Interchangeable arm pads that allow for a quick change of seat width and are great for multi-user usage.

Complete Tilt in Space Technology

Our MultiCare Plus chair has an in-built Tilt in Space movement which is operated from the rear push handle, allowing the chair to be gently reclined in a range of positions while maintaining a constant back angle.

Leg Lift Operation

A leg lift clasp is located on the outside of the arm, allowing the primary or secondary user to elevate the legs.

MultiCare Plus Key Features

Height Adjustable Footplate

A height adjustable footplate attaches to the leg rest, once elevated to cater for various sized users.

Angle Adjustable Footplate

For users with restricted ankle movement. Foot pads are available to accommodate leg length discrepancy.

Operational Grab Bar

Heavy duty grab bar with additional rubber grips and locking control paddle for recline and TIS operations.

Posture Visco Back

Our Posture Visco contoured backrest provides medium pressure relief. A high risk gel overlay option is also available.

Inbuilt Lateral Support

Our Posture Visco contoured backrest offers moderate postural support to the lower back and trunk as standard.

Soft Profiled Head Support

A contoured soft pillow to fit shoulders, neck and providing a supportive head position.

Torso Cell Adjustment

Allows the ability to adjust the contours of the back by use of foam inserts, to maximise support where needed.

Individual Locking Castors

100mm locking swivel castors made from high grade synthetic materials. Total lock and directional lock available.

Interchangeable Seat Module

The interchangeable seat module allow for Posture Visco, Gel, Air and Dynamic Air options to be added with ease.

Additional Benefits

- Medium Pressure Risk as Standard.
- Easy Layflat CPR Positioning.
