Postural Management

Using interchangeable back and pressure seating options allows the user to achieve the most comfortable sitting positions and to achieve the correct posture.

Tilt in Space System

With independent leg elevation and back recline, this system enables change of orientation which redistributes pressure and maintains physical angles at the hips, knees and ankles.

Pressure Care Management

With medium risk pressure care as standard, the Tempo has a specifically designed seat module design built to accommodate high risk gel and a variety of air solutions with ease.

Available Back Options

2-Tier Drop Back

A classic fibre filled back cushion provides a soft feel and maximum comfort. The 2-Tier Drop Back comes fully adjustable with zip access at the rear to offer bespoke support around the back area.

Vertical 2-Tier Drop Back

A fibre filled back designed for a comfortable feel and to aid in the reduction of pressure around the mid-back and spinal areas. Beneficial to users with more complex postural needs such as Scoliosis and Kyphosis.

3-Tier Drop Back

Each individually fibre filled cushion has zipped rear access for adjustment, providing maximum comfort & bespoke support. Beneficial to users with more complex postural needs like Scoliosis and Kyphosis.

Foam Lateral Back

A firm foam filled Lateral Back with a soft fibre filled headrest. This will not only provide comfort, it also will help to maintain a healthy mid-line position from the hips upwards, which is key for good posture.

Tempo Key Features

Standard Headroll

A deep soft pillow combined with a soft lateral which gives you moderate support to the back and trunk.

Horseshoe Headroll

A contoured soft pillow to fit shoulders, neck and providing a supportive head position.

Deep Contoured Headroll
