Highbridge Accessories & Key Features

Seat Cover

Why not add an additional layer of fabric protection to high use areas with a simple yet complementary seat cover.

Head Cover

Why not add an additional layer of fabric protection to high use areas with a simple yet complementary head cover.

Head Roll

Alleviate tension in the head, neck, and shoulders with the weighted head roll for additional support and comfort.

Back Height Adjustability

Alternative back heights are achieved by the use of turn-wheels located at the rear, providing a 2" height adjustment.

Seat Height Adjustability

The Highbridge is constructed with quick-release, secure clip fittings that enable a range of seat height options.

Seat Depth Adjustability

Alternative seat depths are achieved by the use of turn-wheels located under the seat, providing a 2" depth adjustment.

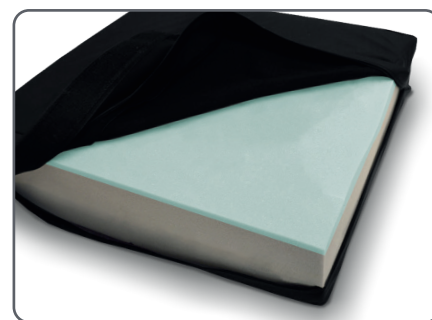

Stylish Retrofit Wings

The Highbridge has the option to add complementary retrofit wings that are both quick & easy to install.

Arm Infill

Enhance the style of the Highbridge with optional arm inflills, designed for aesthetic harmony with the chair.

Pressure Care Seat*

The Highbridge Care features a smart medium risk pressure cushion that can accommodate high-risk gel solutions.

*Available on Highbridge Care Only
